Wednesday   16 July		
8:00 AM - 9:00 AM	Breakfast	
9:15 AM	Meeting in Lobby and departure to the Trade Show LabAsia	
10:00 AM – 6:00 PM	Full-Day Visit of the Trade Show LabAsia LabAsia is Southeast Asia's leading laboratory exhibition, serving as the region's trade platform for laboratory equipment & services suppliers to engage with trade buyers from across the ASEAN region. The past decade has seen ASEAN govern- ments budgeting billions of USD into research & development efforts in order to re- main attractive to foreign investment. Since its inaugural edition in 2007, LabAsia has connected thousands of laboratory professionals together through fruitful net- working events over the past decade, with the most recent edition witnessing visi- tors from 54 countries gathered in one event. <i>We will organize, if possible, matchmaking and networking at the Trade Show with relevant Asian companies.</i> <i>In alternative, the visit to the show will only be a half-day, and we will organize a site visit in the afternoon.</i>	
6:00 PM – 6:30 PM	Transfer back to Hotel	
Evening	Free / Alternative joint dinner or sightseeing offered

9:30 AM – 11:30 AM	Site Visit: Research & Innovation: SIRIM Life Sciences Centre SIRIM is a premier industrial research and technology organisation in Malaysia, wholly-owned by the Minister of Finance Incorporated. With over forty years of experience and expertise, SIRIM is mandated as the machinery for research and technology development, and the national champion of quality. SIRIM has always played a major role in the development of the country's private sector. By tapping into our expertise and knowledge base, we focus on developing new technologies and improvements in the manufacturing, technology and services sectors. We nurture Small Medium Enterprises (SME) growth with solutions for technology penetration and upgrading, making it an ideal technology partner for SMEs. <i>Please note: all site visits will be selected according to the interests of the German participants – this is just an example for a possible research institution, Cluster or Innovation Lab.</i>
